

ParkMobile For Fleets and Corporate Vehicles

When you offer ParkMobile in your city, you support local businesses and municipal employees. With ParkMobile for Fleets and Corporate Vehicles accounts, organizations can provide their drivers with a smarter way to pay for parking while gaining visibility into parking expenses and vehicle usage.

Benefits for Your Business

Track Vehicles

ParkMobile gives businesses visibility into exactly where company vehicles are being parked and how much is being spent on parking fees each day.

Manage Expenses

With drivers and company vehicles registered under one corporate account, ParkMobile provides businesses with a complete record of every parking transaction.

Easy for Drivers

With ParkMobile, drivers can pay for parking right from their mobile device, eliminating the need for cash and saving them time wasted at the meter.

Fewer Parking Tickets

If drivers are running late getting back to their vehicle, they can easily extend the duration of their parking session remotely from the app to avoid a ticket.
